Los Angeles County Proposed Significant
Ecological Area #23 Santa Monica
Mountains

101 Freeway

The County considers the biological resources of the Santa Monica Mountains Coastal zone to be of significance. The management and review of biological resources in the Coastal Zone differs from the countywide Significant Ecological Area regulatory program. Biological resource management and regulation in the Santa Monica Mountains Coastal Zone is currently implemented through the Malibu Land Use Plan (when certified, resource protection in this area will be implemented through the Santa Monica Mountains Local Coastal Program).
