Brief Scope of Work (60 words maximum): The goal of this CAPP is to establish and/or enhance the wildlife connectivity among several existing protected areas within the eastern portion of the Rim of the Vally corridor, namely the San Gabriel Mountains, Verdugo Mountains, and San Rafael Hills, and serve as a planning tool to conserve large blocks of habitat with multiple owners in the linkage.			
Funding Source Applied for: Prop 84 Upper Los Angeles River watershed funding			
Narrative/Detailed Project Description: The overall CAPP includes approximately 20,000 acres total, with roughly 10,000 acres already conserved. SC Wildlands will compile the necessary spatial data, relevant biological documents and other information necessary to bolster the argument for conservation of land in the proposed CAPP. They will conduct parcel analysis necessary for compiling the CAPP narrative and supporting maps, along with prioritization of parcels.
