BACKGROUND AND QUALIFICATIONS:

At present, I serve, as a Director on the Rowland Water District. This will be my 8th year. Also, I am a member (past Vice Prident and Treasurer) of the Rowland Heights Community Co-ordination Council (RHCCC).

GENERAL STATEMENT SUPPORTING APPOINTMENT:

Rowland's Sphere of Influence is congruent with the Wilderness Corridor (it is in our back yard!). I would like to represent our area in preserving and protecting what is left of the hills!

(OPTIONAL) NOMINATED BY:

Claire Schlotterbeck

LETTERS OF RECOMMENDATION ARE ENCOURAGED BUT NOT REQUIRED.

BACKGROUND AND QUALIFICATIONS:

Melanie Schlotterbeck, CMP, works with Hills For Everyone on digital mapping, land acquisition, research projects, fundraising, and outreach. She earned her bachelor's degree in Environmental Geography and her MS in Environmental Science from Cal State Fullerton. She regularly works with decision makers and elected leaders formulating conservation policies, programs, and funding that lead to the protection of additional natural lands. In 2012, she completed a 100 Year Fire History for Chino Hills State Park mapping fire ignitions, fire perimeters and hotspots. This information has proven invaluable for fire, resource, and public agencies alike. Many non-profit conservation organizations utilize her expertise of the landscape (both political and natural). Since 2010, Melanie has been recognized by numerous organizations including the Orange County League of Conservation Voters, Canyon Land Conservation Fund, Sea and Sage Audubon, and Women For Orange County, for her conservation efforts.

Melanie has a wide ranging understanding of the jurisdictions involved, the cities, the laws and agencies involved in open space protection, preservation and restoration in the vicinity of the WCCA communities. I wholeheartedly support her application to the WCCA Advisory Committee.

(OPTIONAL) NOMINATED BY:

Michael Hughes

LETTERS OF RECOMMENDATION ARE ENCOURAGED BUT NOT REQUIRED.

BACKGROUND AND QUALIFICATIONS:

I have a Bachelor of Science from Cal Poly Pomona. I am currently working on my Masters in Education. I teach GATE and technology at Whittier Christian Elementary School. Prior to relocating to Whittier, I served on the Puente Hills Landfill Native Habitat Preservation Authority (Habitat Authority), Citizens Technical Advisory Committee (CTAC) as a delegate for La Habra Heights. I utilize the Puente Hills as an open classroom for students to learn how to be stewards of their environment. I volunteer my time riding in the Puente Hills as additional eyes for the Habitat Authority.

BACKGROUND AND QUALIFICATIONS:

Associate State Park Resource Ecologist assigned to Chino Hills State Park since August, 1997. Principal duties include overseeing Habitat Conservation Plan serving the west side of the park, implemented for mitigation of impacts associated with MWD and Shell (Aera Energy). Activities include monitoring T & E species and restoration of native habitat; controlling non native invasive species of plants and animals; interpreting natural resources to visitors and guests; wildfire management planning and implementation and advising staff and others regarding natural resources in the Park. Four year member of WCCA Advisory Committee. Previous experience includes eighteen years as a civil engineering and surveying technician and five years as a biologist for a private environmental services company in San Diego County.

E-MAIL ADDRESS:

ON FILE

BACKGROUND AND QUALIFICATIONS:

Yorba Linda resident for 16 years. I am currently the only Yorba Linda resident on the Advisory Committee. I hike in the Chino Hills frequently, and I am in touch with key city staff and with the mayor who lives two blocks from my house. I was chair of the Angeles Chapter (50,000 members) Sierra Club in 1988 and 1989 and I am fairly familiar with wildland biology and management. I led over 40 hikers for the Sierra Club and I will be leading my daughter's Girl Scout troop through their hiking badge this summer, using Chino Hills State Park. The Puente Hills/Chino Hills/Santa Ana Mtns. wildlife corridor faces a great many threats to its integrity, and I appreciate the opportunity to help maintain it as a natural refuge for plants, animals and people.

(OPTIONAL) NOMINATED BY:

Glenn Parker

LETTERS OF RECOMMENDATION ARE ENCOURAGED BUT NOT REQUIRED.

BACKGROUND AND QUALIFICATIONS:

Bachelor of Science in Zoology specializing in wildlife management from Southern Illinois University at Carbondale.

Work experience in private industry and with state and federal natural resource agencies.

GENERAL STATEMENT SUPPORTING APPOINTMENT:

As the Sr. Environmental Scientist for California State Parks, Inland Empire District which includes Chino Hills State Park, I have a great interest in the management of the Puente-Chino Hills Wildlife Corridor. I appreciate its significance for biodiversity and as a benchmark for land management as a whole in California. I see participating on this committee as a great opportunity to become more involved in its planning and development.
