**Brief Project Description:**

This grant request is to augment SMM-50-1108 with \$25,000 of Proposition 50 funding. Approvals for a final set of settlement documents between the Malibu Encinal Homeowners Association (MEHOA) and MRCA are now in place. The extensive settlement documents and related figures require revisions prior to their execution. In addition, minor design changes and technical study updates are needed to complete the environmental document pursuant to the California Environmental Quality Act (CEQA). The MRCA will then circulate and respond to comments on the environmental document. The final step is to fill a few remaining holes in the application to the City of Malibu for a coastal development permit.
